

Presents

THE FUTURE OF FUSION

Explore the technology and infrastructure required to meet one of the world's most exciting engineering challenges.

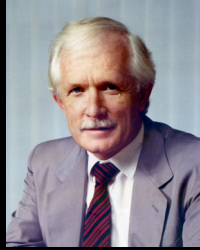

Join the Future of Fusion at this year's combined AIP, RACI, Royal Society and ANSTO meeting and have your questions answered on fusion and engineering.

Panel includes:

Professor Heinrich Hora

Professor of Theoretical Physics at the University of NSW, Sydney 1975, Emeritus 1992, Visiting Professor Rochester, Tokyo, Osaka, Giessen, Weizmann Institute, CERN.

Grahame Campbell

Grahame was developer of major energy infrastructure in Australia, North America and Asia.

Professor Richard Garrett

ANSTO Senior Advisor, Strategic Projects, and Australia's delegate to the Fusion Power Coordinating Committee of the International Energy Agency.

**FREE
SCIENCE
EVENT**

Program

5.30pm - 6.00pm

Refreshments

6.00pm - 7.00pm

Panel discussion

7.30pm

Optional dinner at **RockSalt Menai**
1/72 - 80 Allison Crescent, Menai
(just north of Club Menai)

Details

When

Tuesday 1 August 2017

Where

ANSTO Discovery Centre, New Illawarra Rd,
Lucas Heights

Cost

FREE.

Optional dinner is \$50p.p.

RSVP

Friday 28 July

Parking

Free and onsite parking

Bookings

www.aipenergy.eventbrite.com.au

Enquires

02 9717 3090 or tours@ansto.gov.au
